3. The Honorary Treasurer, Nick Rivers referred to the financial report as published in the Annual Report and Accounts for the year ending 31st March 2019. He noted the operating profit of £26,729 after the investment revaluation. This was in line with budgets for income and expenditure and the objective of the Trustees to further invest funds surplus to immediate requirements in long term strategic projects and activities, as well as allowing for uncertainty around financial impact of the UK leaving the EU. The current level of reserves, at just over £351,000, are considered sufficient to allow any unexpected downturn in activities and for additional investments in resource required for future projects. The Audited Accounts and balance sheet were proposed for adoption by the Treasurer, approved by all present with an additional 14 proxy votes in favour. There were no objections and 2 abstentions.

4. It was proposed that Myrus Smith & Partners, Chartered Accountants of Sutton, Surrey be elected as Auditors for the year ending 31st March 2020 and that their remuneration be negotiated by the Board.
