

COOL FOR SCHOOL COMPETITION

Your Vlog could be featured on our **Fantastic Fridges** website & you could win a science kit prize worth up to £2000 for your school!

DEADLINE NOW 31 JANUARY

Refrigeration science and principles make a massive contribution to our world today - but most people never notice it! This competition is designed to challenge students to explore the science, technology, engineering and mathematical principles that underlie refrigeration processes and come up with a simple experiment or presentation to demonstrate one of these.

This competition is aimed at Key Stage 3 students with an interest in STEM subjects. Send in your video log along with a completed submission and entry forms and you could be in with a chance to win a fantastic range of science kit prizes for your school packed with equipment, books and ideas to make your science lessons cool! Plus your Vlog could be featured on our website www.fantasticfridges.com.

 **IOR.org.uk**
REFRIGERATION · AIR CONDITIONING · HEAT PUMPS

For full details of competition rules and more information about the great prizes being offered to schools and students register at www.fantasticfridges.com. Closing date for applications is 31st January 2020. Competition organiser is the Institute of Refrigeration a charitable incorporated organisation (registration no. 1166869).
